BLAMES COAL MEN WITH HOLDING BACK AVAILABLE SUPPLY

Philip Murray, Of U. M. W. of A., Says Operators Seek To Induce Fancy Prices.

3 WEEKS' STOCK

New York, N. Y., May 10.—Coal producers are holding back available coal stocks preparing soon to fling them on the market at fancy prices, in accordance with the public purse, was the charge made today by Philip Murray, of the United Mine Workers. This was in answer to the statement made by the Manufacturers' Association in convention here that there was an abundant coal supply. The United Mine Workers leaders predict that the present coal supply will not last to exceed three weeks and that a coal panic will be experienced at the end of that time.

MOTHER AND THREE DIE BY GAS ROUTE

Atlantic City, N. J., May 10.—Mrs. Edith Miller Buzby, wife of the Vice President of the Keystone Lubricant Company, of Philadelphia, and her three children were found dead in their homes here today from illuminating gas poisoning. It is believed by the authorities that Mrs. Buzby planned the death of herself and her children. She had been separated from her husband.

UNFILED TONNAGE STEEL MILLS GROWS

New York, N. Y., May 10.—Unfiled steel tonnage increased 602,765 tons during the month ending April 30th, according to the monthly statement issued today by the United States Steel Corporation. The unfiled tonnage was 5,096,413 tons on April 30th, 1922, against 4,494,148 tons on March 31st, 4,141,069 tons February 28th and 5,845,224 tons April 30th, 1921.

OLYMPIC CHAMP IS COMING TO OUR CITY TO TRAIN ATHLETES

Peerless Mel Sheppard Comes To City'd By Direction Of National Community Service.

REAL INSTRUCTOR

Ask any red-blooded boy how he would like to represent America on an Olympic team and his eyes will grow big with ambition. Tell him that Melvin W. Sheppard, "Peerless Mel", who scored more points than any other athlete at the Olympic contests in London, is coming to town, that a program of athletics, in which every boy or man may take part, is to be worked out under Mel's direction and you will know why in other towns Community Service has succeeded in arousing the interest and activity of the boys and men in organized athletics. Sheppard is coming to Clearfield for two weeks on May 17th.

Away back in 1904 when Sheppard was only a school boy, he smashed the scholastic championships—the half mile and the mile race at the St. Louis fair. He then broke his own mile record and added the two mile championship at New York and Philadelphia, which was a good beginning. After that, American championships, Canadian championships, and World championships, kept him busy collecting his prizes, of which he gathered in more than a thousand.

Selected as a member of America's Olympic team in 1908 "Mel" Sheppard went to London where he won Olympic championships in the 800 meter and in the 1,500 meter runs and also served as a member of the world's champion relay team. At this Olympic meet "Mel" scored more points than any other athlete competing there. President Roosevelt recognized the honors which "Mel" had won for America by appointing him to the Customs Service at the Port of Philadelphia.

During 1910, Sheppard broke ten world's records in seven weeks at Celtic Park, Long Island City on the athletic grounds of the Irish-American Club.

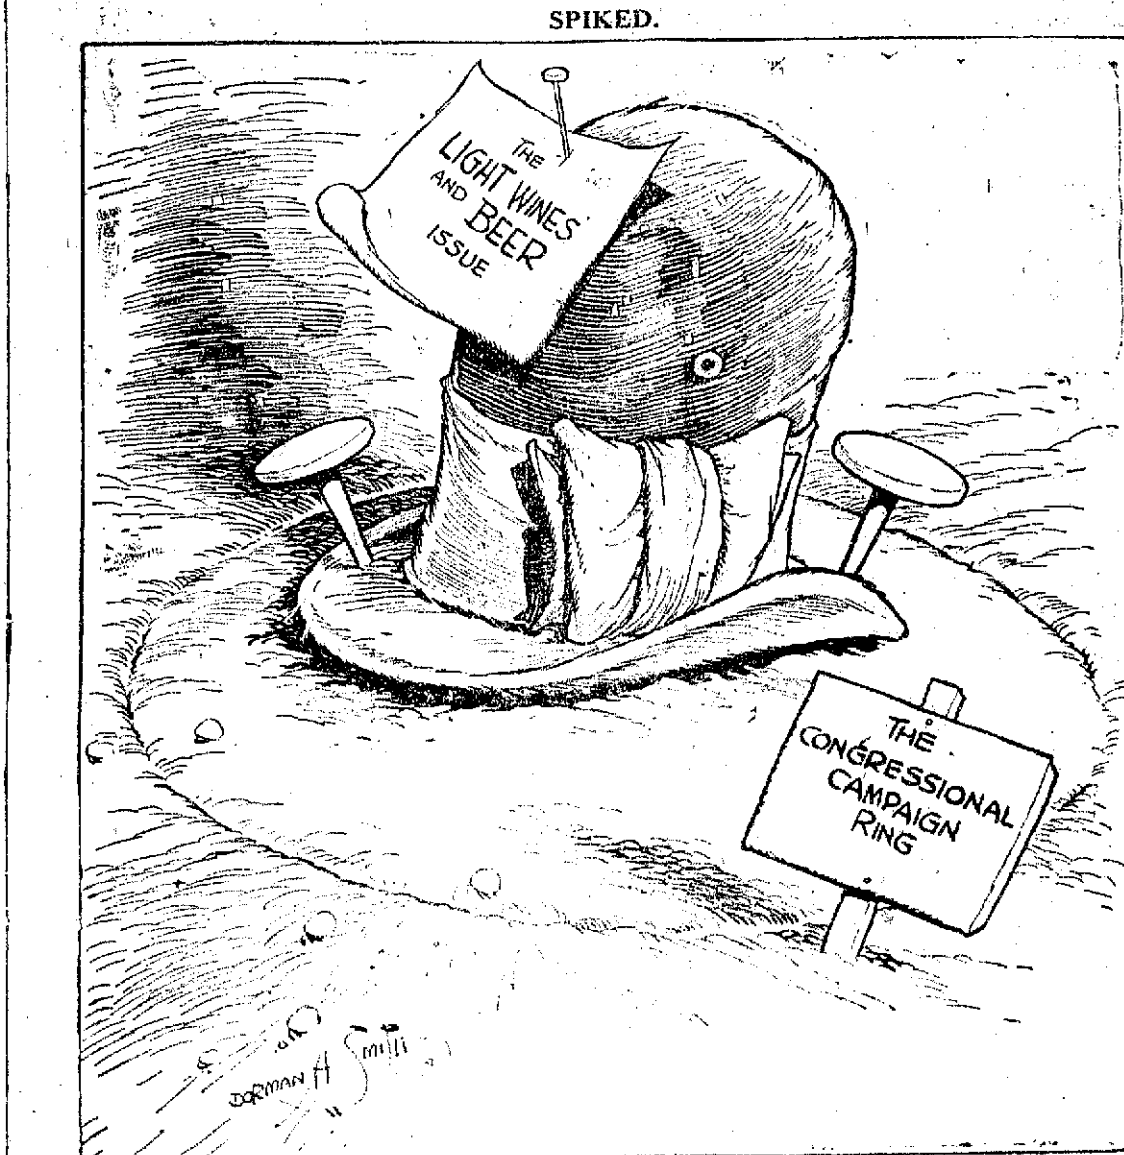

At the third Olympic Meet in Stockholm in 1912, "Peerless Mel" was at last defeated in the 800 meter run by another Philadelphia athlete, Ted Meredith of the University of Pennsylvania, but Sheppard ran successfully in the American relay team which won the world championship. In 1913 Sheppard quit running as an amateur and turned professional in order to coach the Melrose Athletic Association of New York City.

Army service called Sheppard in 1917, when he became Divisional Athletic Director under the War Department Commission Training Camp Activities. With the 38th Division stationed at Camp Shelby Mississippi he served for 12 months and was then transferred to Camp Green North Carolina.

Since the war Sheppard has been a member of the staff of Community Service, as a special organizer in athletics and community recreation. His success in Chester, Pa., Fayetteville, N. C., Grand Rapids, Mich., Clinton Mass., and other cities, proves that "Mel" is a champion, not only in doing but in showing others how to join in the fun of building better bodies through jolly games and whole some exercise.

BASEBALL GAME SATURDAY

The Phillipsburg Baseball Club will meet the local American Legion team at the Clearfield Driving Park on Saturday afternoon, May 13th at 3 o'clock. The local team lost to Phillipsburg at Scott field last Saturday, and hope to be able to turn the tables on the Centre County tossers next Saturday.

WILL PROBE WAR GRAFT CONTRACTS

Washington, May 9.—In a detailed statement concerning the prosecution of war fraud cases, prepared at the request of the President and transmitted to the House, Attorney General Daugherty declared that examination so far completed disclosed "sufficient indication that a crime had been committed to warrant submitting them to a grand jury."

Presented on the eve of a Republican caucus called to consider a legislative program, including a Republican resolution for investigation of charges of alleged laxity in prosecution by the department of justice the attorney general's letter provoked a partisan growl on the part of the Democrats.

Charging that "little or nothing" had been done by the former administration to bring war robberies to light, Mr. Daugherty wrote the President the country would soon have reason to know "influential personalities in the government who had knowledge of the transactions and who were in a position to make disclosures were interested in concealing them." The department, he said, were handling cases, the total of which would reach \$100,000,000.

YOUNG LOCHINVAR COMES OUT OF WEST

New York, N. Y., May 10.—Lieutenant Edward George Zichey, member of the noted family of Hungary, was today proclaimed as the world's champion wooer. Zichey eloped and married Charlotte Gardner Denarest wealthy New York Society girl just a few hours before she was to have been married to a prominent New Yorker.

SUICIDE CHOOSES HORRIBLE DEATH

Gallipolis, Ohio, May 10.—After saturating her clothing with coal oil late last night Miss Bessie Leport, of Three Mile, West Virginia, near here applied a match and within a few seconds became a living torch, burning to death. Her brother was awakened by the light and in an attempt to extinguish the flames was severely burned.

Miss Dorothy Wolfe of Curwensville attended the "Greenwich Village Follies" at Driggs Theatre last evening.

POPPY SALE MAY 30TH

The Auxiliary to the American Legion will hold a poppy sale on Memorial Day, the proceeds from which will be devoted to the Fund for Disabled ex-Service men.

MORE ROAD DAMAGE SUITS FROM BRADY

Suit was entered in Prothonotary Ralston's office yesterday by Pentz & Pentz, representing Ethel Wright et al, against Clearfield county in an effort to recover \$1500, which is alleged to be due them for damage done to their farm by change of location and grade of the State road thru Brady township.

This makes about the fifth suit by Sandy township residents for alleged damages to their properties by reason of the building of this road. If all the property owners located along Clearfield county improved roads took the same position these Brady township people are taking, getting Clearfield county out of the mud would be a serious and expensive proposition.

MINERS MARCH ON M'GEE'S MILLS MINES

Headed by a band of about 20 pieces more than 200 union miners marched from Glen Campbell to mines in the vicinity of McGees Mills on Monday in an effort to induce miners working in that vicinity to join the union.

The marchers visited the mine of the Pantall Coal Company where about a half dozen men are employed. They found the miners there unwilling to join the union and after a speech had been made and futile efforts to sign up the miners as members of the union the marchers continued to the Mount Aerie mine about half a mile from the Pantall mine, which is owned by Syracuse, N. Y. residents. The Mount Aerie mine had previously been organized, but about 10 men had resumed work there during the past week and it was the union miners' intention to induce these men to quit work. According to reports they were largely successful, about seven of the 10 men working signing up as members of the union.

The marchers later proceeded to a third mine near McGees but when they arrived there found that the men had quit for the day. When they departed they announced their intention of returning today.

The majority of the marchers, it is said, were from Arcadia and Glen Campbell. The march overland from Glen Campbell was made on the public road, a distance of about five miles.

DOVE OF PEACE HAS HARD TIME IN ERIN

Dublin, Ireland, May 10.—The Daily Eirean's peace committee today failed to find a basis for agreement between Free State and Irish Rebel leaders. A peace agreement proposed by General McCowan, Free State commander, was placed before the committee but it was found unsatisfactory.

Have Cave Man Soon Is Official Word

Haverstraw, N. Y., May 10.—The arrest of the cave man blue beard, suspected of the murder of pretty Lillian White on his premises on the mountain top near here is expected before tonight by the officials of Rockland County. The man is under surveillance in a small New Jersey town where he has been in hiding.

FOURTH WARD FOLKS TURN OUT IN FORCE; MAKE PLAYGROUNDS

Italian Band Furnishes Music While Army Of Volunteers Put Murray's Woods In Shape.

BIG CROWD HELPED

Surely the Fourth Ward will be on the map with a playground that will count very much for every citizen. Tuesday was a day of pleasant surprises. A good force began to work early in the day. It kept on increasing until evening when about one hundred were working with a will. The grounds were put in excellent shape for their first use tomorrow afternoon, Thursday, when the school children will have about an hour of supervised games beginning at 3:30. This period is intended to show how the playground will be conducted during the summer, and every parent and interested citizen is invited to attend.

The Wrigley addition corner of the Murray Woodshas been subjected to a transformation. The old hedge and the old wire fence, both dilapidated, have gone. Trash is ready to be hauled away. Stumps have been blasted and torn out by hand. Holes have been filled. The plot has been raked over. Bonfires have been very busy. The draining of the wet part has been begun. A spring is being looked after. All kinds of plans are being considered for the use and beautification of the site. Enthusiasm are manifesting themselves. Altogether the Fourth Ward is happy over the prospects. The boys and girls for whom it is especially intended are very enthusiastic and that counts for much.

The very best kind of fun has been enjoyed already around the bonfires and in games. It was an example of get-together spirit and that spirit is the one great thing that must not be forgotten if the work is to continue successfully.

To mention everybody who helped make this neighborhood occasion a success is impossible. All who helped were fully repaid by the result accomplished. Special appreciation is felt toward the industries of the ward, the Harbison-Walker Refractories Co. who furnished a number of men to work during the day and put a truck at the disposal of the workers, the Clearfield Sewer Pipe Co., who furnished tile for the draining and sent some men to help lay it and to the Banta Refrigerator Co., who sent workmen. The Italian band furnished music during the evening that was received with much commendation and added to the jollification of the evening which was as much in evidence as the hard work. Refreshments were served to the workers after being prepared by the ladies in the home of Mr. William Davis. Mr. Davis is the chairman of the organization responsible for the arrangement and had not overlooked any of the details. It was a great start for the recreation movement in the East End.

POPULAR YOUNG PEOPLE WED

Wilson R. Smeal and Elizabeth N. Heck, both of Clearfield, were married this morning at 10:45 at the U. B. church by Rev. Alban. They left for an extended tour through Niagara and parts of Canada.

OLD TIMER IN TOWN

J. W. McGee, of McGees Mills, better known as "Big Foot" McGee and about the last old-time lumberman and "log floater" in the upriver section is a juror at Civil Court this week. He has a fund of interesting reminiscences of the early days of the rafting industry.

SERGEANT HAYES WILSON'S FUNERAL ON SUNDAY NEXT

Body Of Last War Hero To Be Brought Back To Clearfield To Rest In Hillcrest Cemetery.

LEGION IN CHARGE

The funeral of the late Sergeant Hayes Wilson whose body arrived home from France Saturday last, will be held Sunday afternoon from the home of the deceased's mother, Mrs. C. G. Wilson, on Sixth street.

The remains were taken to the Eleventh St. Methodist church on Monday where they were allowed to lie in state until today at noon when they were removed to the home of his mother.

The funeral will occur Sunday afternoon at 2 o'clock and will be in charge of John Shade, Post of the American Legion and the members of the Boal Machine Gun Troop, with which organization Sergeant Wilson entered the service.

Fatal Auto Accident At Punxsy; Second Child Seriously Hurt At DuBois

Punxsutawney, May 10, 1922.—Little John Wehrle, who was struck by an automobile driven by Fred Stear, of Marion Centre, Sunday afternoon, in front of the Wehrle home on Indiana street, died at 6:00 in the Punxsutawney hospital Monday evening. An operation was performed upon the child's head which revealed a fracture of the skull extending entirely around the head. The physicians state that without the operation the little one did not stand a chance of recovery and with it the chances were about one in 500.

DuBois, Pa., May 10, 1922.—Little Doris Irwin, three year old daughter of Mr. and Mrs. Blair Irwin, of Park avenue, was struck yesterday afternoon by a truck while attempting to cross the street. Mrs. Irwin had watched her cross to the opposite side and was waiting for her to come back to her. Doris had run after a rubber ball and had waited until one car and a wagon passed, and then started to run back to her mother, running in front of the A. & R. truck. The accident was unavoidable but fortunately the truck did not pass over the child. She is suffering severely from the shock and her head and right shoulder and body are very badly bruised, but the full extent of her injuries cannot be determined for at least twenty-four hours. She was very feverish and restless late last night, and complained of her limbs hurting.

Texas Beauty Is Done With War Hero

Washington, D. C., May 10.—The romance of Alex E. Robertson war hero and Miss Mary Culbertson, daughter of Senator Culbertson, of Texas, has been ended. Miss Culbertson's affections for Robertson is said to have been cooled greatly by the publicity he gave to his charges that he had been kidnapped in an effort to "shanghai" him. Complete denial of any such attempt on the part of Senator Culbertson is expected from Senator Culbertson soon.

N. GOLDSTEIN DROPS OUT OF THE PICTURE

Washington, D. C., May 10. Nat Goldstein, St. Louis, has requested President Harding to withdraw from the Senate his name as Collector of Internal Revenue at St. Louis, Senator Spencer, of Missouri, announced in the Senate today.

CURWENSVILLE

The meeting of the Alumni Association which was held last evening was a decided success in point of interest and numbers. Plans were set on foot, looking toward the Alumni Banquet. An adjourned meeting will be held next Monday evening to complete arrangements. It is earnestly desired that as many as possible come out to that meeting.

Miss Veryl McNaul left yesterday for Philadelphia to resume her duties as dietitian in the hospital.

We wish to apprise our Community that the Curwensville Realty Company has broken ground for two houses on George street and work on them will be hurried to completion. This is wonderfully good news, as housing conditions in Curwensville have been deplorable and any measure taken to relieve the situation is a commendable one, but the Realty Company seems to have the house jinx by the throat and are pursuing the proper and businesslike course by building houses not for investment but for homes.

IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Clearfield Homes.

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys.

Would save much needless woe.

Doan's Kidney Pills are for weak kidneys. Ask your neighbor!

Mrs. L. F. Wagner, 244 River St., Clearfield, says: "I have been troubled at times with severe pains in the small of my back. When I would lie down I could hardly get up again and I couldn't bend over. I had headaches, too. I find that Doan's Kidney Pills relieve this condition and free me of the backache and headaches. Others of my family have used Doan's and they always find the same good relief."

American Corn, Seed and Medical Supplies Saving Millions of Lives and Bringing Hope to Russians

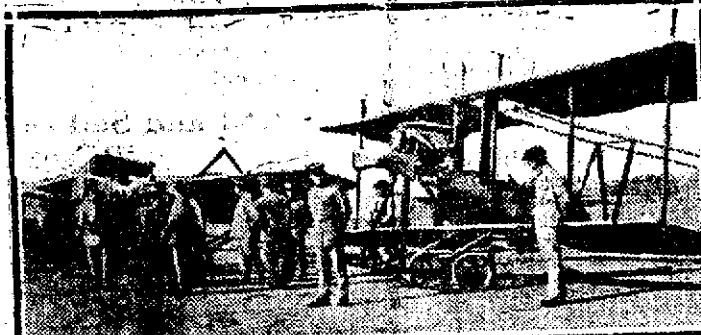

With seed for planting, grain to meet present food needs and medical and hospital supplies pouring into Russia, the march of death, famine and disease has been checked through the work of the American Relief Administration and allied agencies. More than 2,000,000 youngsters owe their lives to American food and 5,000,000 adults are receiving relief as a result of the \$20,000,000 appropriation made by Congress for corn and seed grain. Millions more find relief through the gift by Congress of \$4,000,000 in surplus government medical and hospital supplies and by the American Red Cross of \$3,000,000 in similar supplies to the American Relief Administration.

The picture above shows the loading of seed corn from the Middle West onto ships at Weehawken, N. J., under the direction of Don Livingston of the U. S. Farm Bureau and State Agricultural Commissioner of South Dakota. Mr. Livingston is the central figure in the picture.

Col. William Haskell, director for Russia of the American Relief Administration, in a report to Herbert Hoover, chairman of the A. R. A., says that American supplies and determination are bringing life and hope to literally millions of Russian people.

The physical limits of rail transportation under present conditions constitute the gravest problem of the task. Russian railways were never of the first order, and at present their condition is extremely bad. There has been food on hand at the ports over and above the ability of the Soviets to move it in, from the arrival of the first ship to date.

ODDS AND ENDS AND THINGS

By J. D. C.

Dr. Copeland, the eminent physician at the head of New York City's Department of Health, says we all ought to live to be one hundred years old, and says we can all round out a century by observing the following simple rules of health:

1. Spend ten minutes in setting up exercises.
2. Sleep with windows open. Secure what sunshine you can.
3. Spend a minimum of ten hours during the week in the open air. Balance work and play.
4. Walk at least three miles each day.
5. Treat the stomach with respect. Do not over-eat.
6. Eat meat not more than once a day.
7. Balance the meal with fruits, green salads and other vegetables.
8. Drink at least eight glasses of pure water daily.
9. Completely relax for at least fifteen minutes each day and conserve your nerve energy.
10. Cultivate happy thoughts. Think in terms of health.

Arrange all plans for the week on a basis such that each day's activities will be consistent with the requirements of keeping fit.

A whole lot of our medical friends seem bound and determined to be as "wet as the Atlantic Ocean," and rush to the defense of old defunct J. Barleycorn upon every possible occasion. Recently Dr. John W. Deaver, of Philadelphia, got "in bad" by declaring himself a friend of Old John's. Now listen to this Harvard "Perfessor."

Doctor M. J. Rosenau, professor of preventive medicine and hygiene at Harvard University threw a wet bombshell into last week's Congress of American Physicians and Surgeons at Washington. Discussing "botulism," the malady of food contamination that sometimes reaches the dimensions of fatal epidemics, Dr. Rosenau declared scientific experiments had shown it could be successfully combated by consumption of alcoholic stimulants.

Botulism was the subject of widespread alarm and discussion in 1921, owing to an outbreak of disease that followed the eating of ripe olives and improperly sterilized canned goods. Dr. Rosenau said it was proved that persons who drink with their meals are far less susceptible to botulism or other food poisoning than teetotalers.

Experiments with guinea-pigs showed that about thirty drops of 40 per cent. alcohol resulted in absolute protection of guinea-pigs infected

with the botulism germ. Later experiments with human beings gave similar results.

There could be no objection to alcohol if the guinea-pigs consumed it all.

Variety of Etching.
The needle is the crayon, the acid adds color. The needle is something all the more eloquent because its means of expression are confined within more restricted limits. It is familiar and lively in the sketch, which by a very little must say a great deal; it all sketch is the spontaneous letter. It all sketch is the highest expression when it is called in to translate a grand spectacle, or one of those fugitive effects of light which nature seems to produce but sparingly, so as to leave to art the work of fixing them. —Maxime Lalanne, in "A Treatise on Etching."

Paint Hat Worn in 800.
Originally the tiara, or triple crown of the pope was a plain high cap, much like those in which doges of Venice are so often represented in old pictures. It was first introduced by Pope Nicholas I. in 860. Just when the first coronet was added is a matter of uncertainty, but the second was placed by Pope Boniface VIII in 1295 and the third by Pope Urban V. about 1368.

Washington, D. C., May 10.—Candidates for the United States Senate may spend unlimited sums of money in their campaigns for nomination or in their campaigns at the general elections without filing a statement of their expenditures with

the Senate, according to an opinion handed down by Attorney General Daugherty, which was made public today. The Attorney General said that the decision in the Newberry case had invalidated this feature of the corrupt practices act.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter." —Mrs. FANNIE ROSENSTEIN, 882 N. Holly St., Phila., Pa.

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little book and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial." —Mrs. J. S. LIVENOR, 2051 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

COMMUNITY SERVICE WORTH WHILE

The Progress carried in its Monday evening issue, the Community Service program agreed upon by the local Directors of Community Service for Clearfield for the coming year. This program was mapped out and agreed upon after much thought following the six weeks intensive campaign put on here by the National Community Service workers engaged therein. The work done by this capable organization deeply impressed all the progressive men and women interested in the welfare of Clearfield's younger generation and townspeople generally and the work of adopting a program, agreeing upon a budget necessary to finance same for a year and the means to secure the necessary money for such financing was enthusiastically done, realizing as the directors did that the money spent in Community Service was simply that much invested in the welfare especially of the boys and girls of the community.

A campaign for the necessary funds will be inaugurated the week of May 22nd, and every public spirited citizen should be glad to co-operate by contributing to this good work.

American public opinion will assuredly be behind the shipping board in the rate war in which, through no fault or desire of its own, it is now engaged in the South American passenger trade. There are four splendid ships carrying the American flag on this route, and everything was going on serenely until suddenly, like a bolt from the blue, without warning or consultation, the competing British line, announced a heavy cut in passenger rates. Taken aback at first by this unfriendly act, the shipping board was nevertheless not long in arriving at a decision in the emergency thus precipitated, and it has now directed a rate lower by from \$10.00 to \$50.00 than its rival's lowest cut.

The shipping board in a statement makes it clear that cut-throat competition is not of its seeking, but it takes the view that the present may be a test fight on all the oceans as to whether the United States is to continue the maintenance and expansion of its merchant marine, and it declares its determination to meet the issue at every point for any length of time. "Our hat is in the ring," says Chairman Lasker, "and we are going to stick as long as necessary to insure the position of American-flag ships between North and South America."

This is the proper spirit, and the American people will back it up until it wins out.

The Great Cathedrals.

They are more than buildings. The work of a man, a nation can understand; but these are the work of ages, of nations. Nothing is marked, nothing is clever, nothing is individual nor thrust forward as artistic; they are serene, masterly, non-personal, like works of nature—indeed, they are such, natural manifestations of the minds of men working under the impulse of a noble idea.—W. B. Leithy.

Mother Got the Letter.

One time when I was going to grammar school I was in love with a boy—who was much older than I. One time he wrote me a letter in school saying he loved me. Of course I cherished that letter; so I put it in my pocket. Next day was wash day. My mother found the letter and told me. Well, you know the rest.—Chicago Journal.

ALTER SURE TO BE NOMINATED

Grundy-Pinchot Alliance Repul-
sive to Republicans.

LABOR OPPOSES EX-FORESTER

Working Men and Women Will Not
Tolerate Grundism Getting Control
of the Dominant Party in State.
Alter's Record Good Enough For
Every Republican.

Philadelphia, May 9.—Attorney
General George E. Alter will win
the Republican nomination for Governor
of Pennsylvania at next Tuesday's
election by one of the largest
votes ever given to a gubernatorial
candidate in a primary contest.

Reports received at the George E.
Alter Campaign Committee, Bellevue-
Stratford Hotel, Philadelphia, indicate
a clean sweep for Mr. Alter.

Mr. Alter's great vote will be the
result of the united efforts of the
Republican leaders of Pennsylvania,
aided by many independents.

The present situation was brought
about in a great degree by the active
support given to Mr. Alter's candidacy
by all elements of the Republican
party who believe that his selection as
the Republican standard bearer will
result in one of the greatest victories
for G. O. P. in the fall election in the
history of Pennsylvania.

To the women of Pennsylvania is a
great deal of the success of the Alter
campaign attributed by the Alter leaders.

During the last week Mr. Alter has
addressed meetings throughout the state
and met many of the most potential
figures in the Republican party of
Pennsylvania.

His frank manner and his known
zeal for public service, combined with
a thorough knowledge of state affairs,
has won for him the active support of
men and women interested in the
development of Pennsylvania and the
adoption by the state government of
the efficiency policies which have
characterized Mr. Alter's public career.

Safe and Sane.

Mr. Alter went before the people as
a sane man. His long career in
public service was a long and
discreet one, and his record is
immaculate.

Mr. Alter's nomination is assured
and the victory of the votes to be cast
on his support is not even a question.
The people have seen the record of
his public career and they are
not about to compromise with any
candidate who, because of his own
weakness, would permit his name to be
used in the campaign of the Republican
party.

The people turned to Mr. Alter's
support because they had confidence
in him. This confidence was not
arbitrary and his record was
open to all eyes. Mr. Alter's
record as a member of the Pennsylvania
Legislature, Speaker of the State
House of Representatives and his
ability as Attorney General of Penn-
sylvania.

As a legislator Mr. Alter by his
votes on matters brought before him
in the legislature gave the people a
correct index into his character, as well
as an idea as to the kind of man
whom they may expect to see in
when he assumes the governorship of
Pennsylvania.

Wonderful Record.

A scrutiny of Mr. Alter's legislative
record will reveal that while a mem-
ber of the legislature he supported
all legislation designed for the better
ment of the state and the protection
of its citizens.

He devoted himself assiduously to
his legislative duties and sponsored
many important bills.

Among the bills for which he voted,
as a member of the legislature were
the acts creating the State Police
and the full crew bill. Determined
to protect the health of the community
against the activities of unscrupulous
merchants who would profit by the
sale of unfit foods Mr. Alter supported
pure food legislation.

He gave his whole hearted support
to acts designed to protect the public
against short weighing. Bills designed
to aid in the conservation of the
state's natural resources, aiding the
farmer in the stamping out of the hoof
and mouth disease, protecting the
rights of married women, aiding labor
by the establishment of free employ-
ment offices.

Interested in protecting the public
against stock watering, Mr. Alter sup-
ported a bill prohibiting the sale of
worthless mining securities. He sup-
ported the bill to reorganize the state
forestry department and opposed
any bill to increase the number of state
police.

It is upon this record that Mr.
Alter went before the voters of Penn-
sylvania and it is upon these achieve-
ments and actual performances, and
not mere promises, that he will ob-
tain their votes next Tuesday.

Grundy-Pinchot, his opponent, on
the other hand, lost the support of the
independent and regular voters when
they scrutinized his record and noted
his entangling alliances.

Pinchot, the self-styled reformer
and advocate of remedial and social
legislation of 1912 and 1914, is today
the political ally of Joseph R. Grundy,
President of the Pennsylvania Manu-
facturers' Association.

Boldness of a Lobbyist.

Grundy and Pinchot, this alliance
of a self-styled defender of the
rights of women and children and the
most vicious and arrogant opponent
of all legislation which tended to im-
prove the condition of the working
people of the state has done more to
convince the people of Pennsylvania
of the insincerity of Pinchot than any-
thing else he may have done in the
campaign. The people know Pin-
chot's professions. They know what
he has done and they have been amazed
at the spectacle of a millionaire
grabbing a \$5000 increase in salary.

They have been astounded by the
boldness of Lobbyist Grundy in push-
ing the candidacy of Pinchot and they
know by past experience that the
Bucks County manufacturer would
only support for office some one whom
he could completely control.

They know that Pinchot as govern-
or meant Grundy as the invisible dic-
tator of Pennsylvania and because of
their knowledge of him they wanted
none of him. This accounts for the
record-breaking vote to be cast next
Tuesday and which will result in an
Alter landslide.

The best angle from which to ap-
proach any problem is the straight

"A Roland for an Oliver."
This phrase really means "tit for
tat." Roland and Oliver were two fa-
mous knights who were equal in
bravery and knightly valor. They are
said to have fought for five days with-
out either gaining any advantage.

Find Prehistoric Boat.
A well-preserved canoe of the Stone
Age has been found in a bog near the
castle of Cerler (Lake of Bielle), in
Switzerland. It is made out of the
stem of an oak, and is eight feet long
and three feet wide.

Engagement Ring Shifted.
In older times it was customary
to marry, and not engaged, it was the
custom for her to wear a ring on the
first finger of the left hand. If she
wanted to remain single, then she wore
the ring on the little finger.

When Hungry Little Muscles Say, "Please Help Me"

DID you ever stop to think who it really is
that's talking, when childish voices raise a
clamor, "Mother, I'm hungry?"

It's really muscles and bones and nerves and
cells worn in the stress and strain of play—that
are calling for rebuilding material.

What kind of an answer? The
right thing, or just anything?
It makes a big difference.

Grape-Nuts, so deliciously
crisp and appetizing to taste, and
so quick and convenient to serve,
is a splendid food for rebuilding
young bodies. All the won-
derful nutriment put in wheat
and barley by Nature, includ-
ing the vital mineral elements,
is there—and Grape-Nuts

digests easily, quickly and com-
pletely. Served with cream or
milk, Grape-Nuts is exceptionally
nourishing.

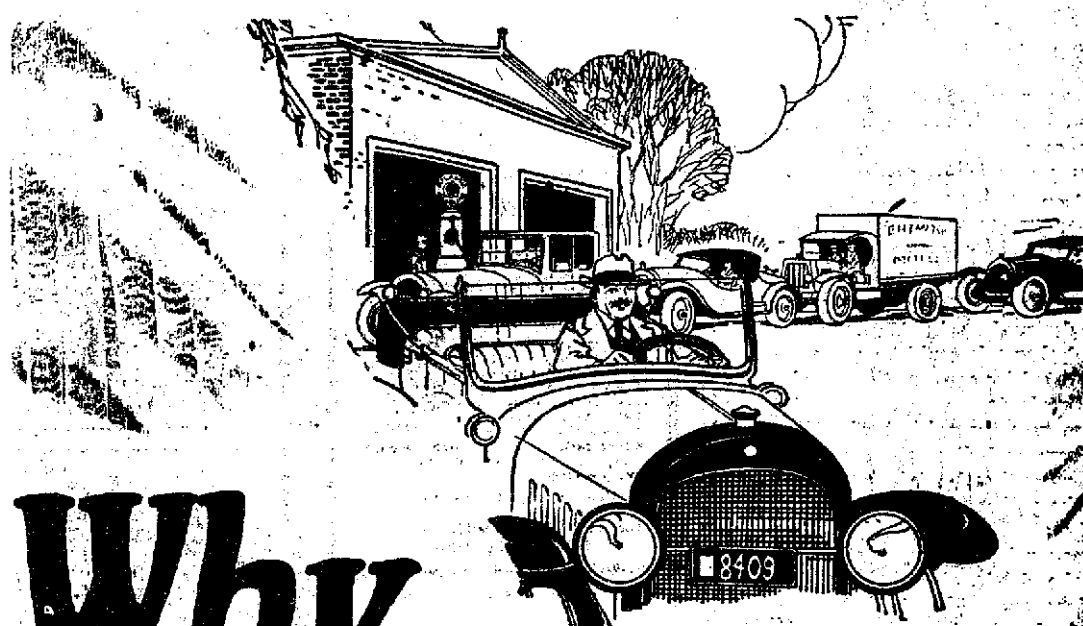

"That's splendid!" says ap-
petite. "That's just the need!"
say the hungry muscles, nerves
and bones.

Ready to serve right from the
package—always crisp and
fresh. A favorite dish with all
the family. Sold by grocers.

Why do most motorists use ATLANTIC?

It is no great achievement to sell a man a gasoline
once—for then the urge to buy is aided by the willing-
ness to try.

But to sell him the same brand of gasoline over and
over, month after month—that's where *uniformly high*
quality counts; where the only successful selling in-
fluence is—SATISFACTION.

That's why Atlantic Gasoline *stays* sold. That's why
the majority of motorists use Atlantic—and stick to it!

Atlantic is good gasoline. But it is more than that.
It is *right* gasoline. It is made for present-day motors
and to meet the wide range of operating conditions a
gasoline encounters.

Atlantic is a *balanced* gasoline. Its uniform "chain
of boiling points" combines the volatility required for
quick and sure ignition with the more stable elements
a gasoline *must* have to put power into the drive.

What's more, Atlantic is dependable. It is uniform.
Buy it anywhere, any time. It never disappoints.

OUR MILK IS THE SAFEST MILK KNOWN

There's only one way to make milk absolutely safe and that is to pasteurize. This process destroys germs in a more satisfactory manner than any other way known to science.

Health officers have known for many years that pasteurized milk is absolutely safe and they have recommended, unqualifiedly that all milk coming into their territories should undergo this process, as a factor of public safety. These facts have been made clear by experiments on humans and animals—that pasteurized milk is the only really safe milk that can be used with perfect safety.

PROMINENT SPEAKERS FOR PENN STATE SUMMER SCHOOL

More than a dozen of the country's most prominent lecturers and educators have been secured to address the summer session students at the Pennsylvania State College during the eight week's term that opens on June 26. Dr. Will Grant Chambers, dean of the summer session, has provided a special feature for practically every day of the term, which will continue until August 19.

Among those who will visit the Centre county institution for talks to the 3000 school teachers expected, is United States Senator Frank B. Willis, of Ohio, who early in August will speak on the disarmament conference international and local problems of the United States. It is possible that United States Commissioner of Education John J. Tigert, will speak the following week. Others include Dr. Thomas E. Finigan, state superintendent of public instruction; Rabbi Nathan of the Jewish Chatauqua; Dr. Hamilton Holt, editor of "The Independent"; Dr. David Snedden, Columbia University; Mrs. Corinne Roosevelt Robinson, of New York; Dr. Frank P. Graves, commissioner of education in New York; Miss Charl O. Williams, president of the National Education Association; Dr. G. Stanley Hall, president-emeritus of Clark University; Dr. Thomas H. Bringer, Columbia University and Dr. J. H. Kelley, editor of the Pennsylvania School Journal.

WANT 1000
The West Side Methodist Sunday School, which broke all records for attendance at Sunday School a couple of Sundays since when more than eight hundred were present to participate in the services, is out to even break that record. They have set the attendance goal at 1000 for this Sunday and will make every effort to attain that remarkable goal.

To this end an intensive campaign will be carried on by the members of that congregation all week. The enthusiastic committee in charge has strung a banner across the street in front of the church and also placarded the town with posters announcing their object. They have the spirit to win, and as anything is possible for those West Side Methodists to accomplish when they get after it, we are sure they're going to reach their goal. Here's hoping they do.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in elevating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alternative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disorders, conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial pkg.

Poverty, But No More Famine in Russia, If Harvest Proves Good

These happy youngsters are the fortunate guests of an American Relief Administration kitchen in Petrograd. The famine in the Volga Basin was so severe in the early spring that its effect was felt sharply in the Russian cities, and a special allowance of 40,000 child rations was made for Petrograd.

Child-feeding stations like the one above, reaching more than 3,000,000 children, and 7,000,000 daily corn rations for adults, made possible through the American Congressional appropriation of \$20,000,000, struck such a blow at the world's greatest famine that American Relief Administration officials believe the famine, in the sense of the great natural disaster caused by drought, will be ended by autumn.

A recent report to Herbert Hoover, under whose direction the task is being accomplished, says:

"There will be hunger and extreme suffering among portions of the population for years to come. However, conditions in the autumn, provided a crop materializes, will have resolved themselves into economic poverty rather than famine. The sole and proper remedy for that poverty is economic reconstruction, and emergency charity cannot solve the basic situation."

SLIGHT FIRE AT SERVICE STATION

An exploding tank at the Independent Oil Company's service station at the end of Market Street bridge, caused the sounding of the fire alarm at 3:30 this afternoon. Hand

extinguishers used by employees of the oil company took care of the blaze before the firemen arrived.

Lewis Wilson and Eddie Stineker, owner of Philipsburg, spent Sunday with friends in town.

Mr. and Mrs. John Kelso spent the week end in Philadelphia.

PITTSBURGH MAN, CROSSED IN LOVE, SHOOTS 2 WOMEN

Pittsburgh, Pa., May 10.—His love sprang, George West today shot and probably fatally wounded Elvira Schuman and then attempted suicide. Mrs. Murell Miller was also shot in the back by the youth. The three were rushed to a hospital where they were reported as being in a critical condition. West had been rejected by Miss Schuman, who lived with Mrs. Miller. Both women were employed at a laundry.

Mr. and Mrs. A. M. Wright Jr. and children of Philadelphia are spending some time with relatives in Clearfield.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

UNITED STATES RUBBER COMPANY

First to establish the \$10.90 price—"Usco"

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90"
The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

United States Tires are Good Tires

field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall.

The same intent to serve that has made "Usco" a standard value for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.

They met as boy and girl—met for a moment on the garden wall. And though Fate separated them, she waited. Hope kept alive through all the dreary years by the sweet recollection of one impassioned embrace.

BLAMES COAL MEN WITH HOLDING BACK AVAILABLE SUPPLY

Philip Murray, Of U. M. W. of A., Says Operators Seek To Induce Fancy Prices.

3 WEEKS' STOCK

New York, N. Y., May 10.—Coal producers are holding back available coal stocks preparing soon to fling them on the market at fancy prices, in accordance with the public purse, was the charge made today by Philip Murray, of the United Mine Workers. This was in answer to the statement made by the Manufacturers' Association in convention here that there was an abundant coal supply. The United Mine Workers leaders predict that the present coal supply will not last to exceed three weeks and that a coal panic will be experienced at the end of that time.

MOTHER AND THREE DIE BY GAS ROUTE

Atlantic City, N. J., May 10.—Mrs. Edith Miller Buzby, wife of the Vice President of the Keystone Lubricant Company, of Philadelphia, and her three children were found dead in their homes here today from illuminating gas poisoning. It is believed by the authorities that Mrs. Buzby planned the death of herself and her children. She had been separated from her husband.

OLYMPIC CHAMP IS COMING TO OUR CITY TO TRAIN ATHLETES

Peerless Mel Sheppard Comes To City'd By Direction Of National Community Service.

REAL INSTRUCTOR

Ask any red-blooded boy how he would like to represent America on an Olympic team and his eyes will grow big with ambition. Tell him that Melvin W. Sheppard, "Peerless Mel", who scored more points than any other athlete at the Olympic contests in London, is coming to town, that a program of athletics, in which every boy or man may take part, is to be worked out under Mel's direction and you will know why in other towns Community Service has succeeded in arousing the interest and activity of the boys and men in organized athletics. c Sheppard is coming to Clearfield for two weeks on May 17th.

Away back in 1904 when Sheppard was only a school boy, he smashed the scholastic championships—the half mile and the mile race at the St. Louis fair. He then broke his own mile record and added the two mile championship at New York and Philadelphia, which was a good beginning. After that, American championships, Canadian championships, and World championships, kept him busy collecting his prizes, of which he gathered in more than a thousand.

Selected as a member of America's Olympic team in 1908 "Mel" Sheppard went to London where he won Olympic championships in the 800 meter and in the 1,500 meter runs and also served as a member of the world's champion relay team. At this Olympic meet "Mel" scored more points than any other athlete competing there. President Roosevelt recognized the honors which "Mel" had won for America by appointing him to the Customs Service at the Port of Philadelphia.

During 1910, Sheppard broke ten world's records in seven weeks at Celtic Park, Long Island City on the athletic grounds of the Irish-American Club.

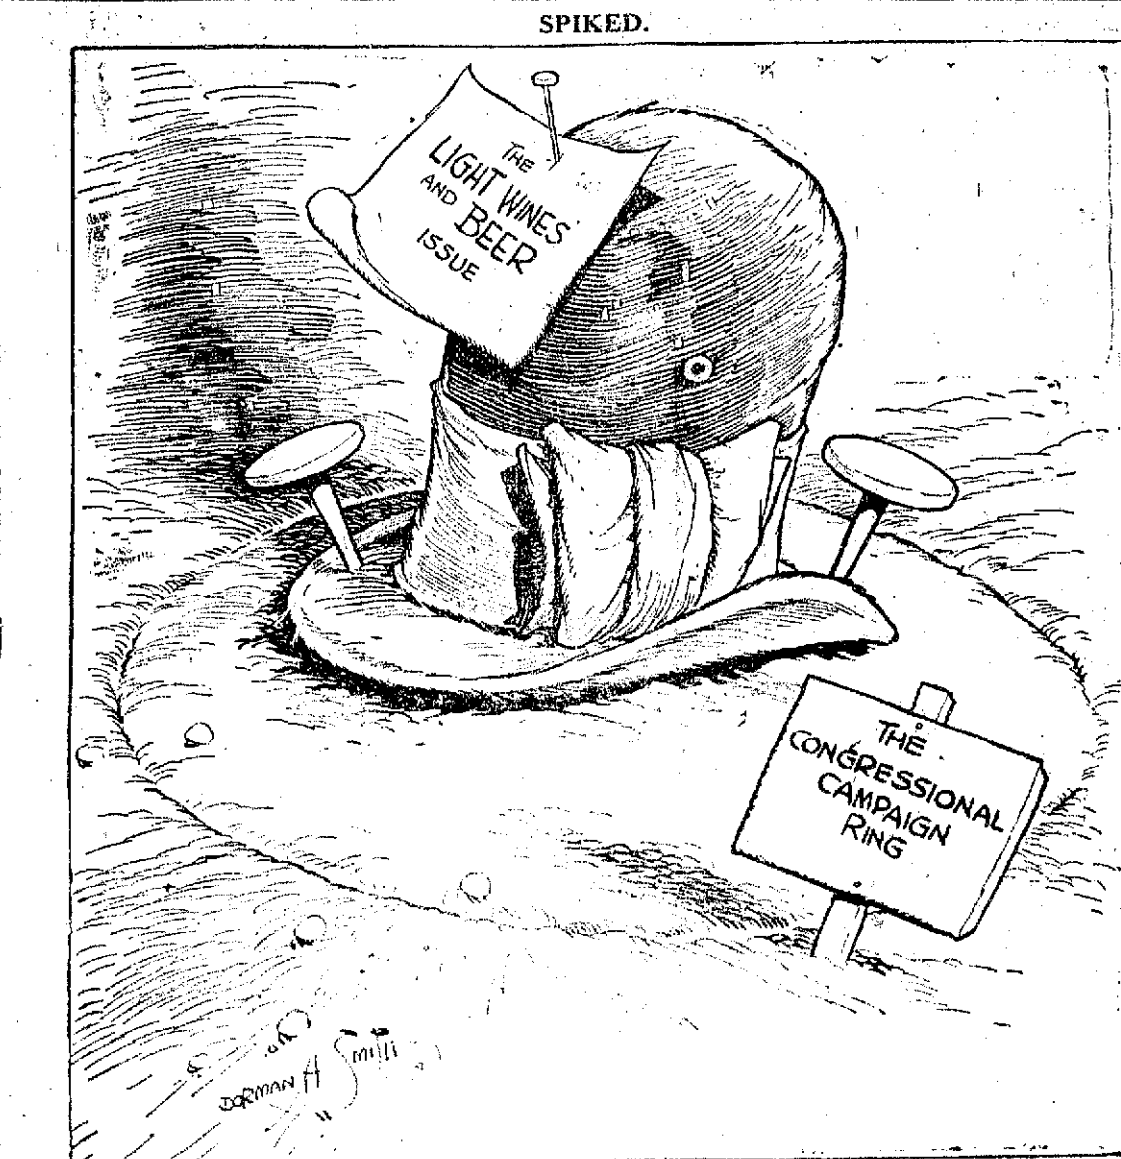

At the third Olympic Meet in Stockholm in 1912, "Peerless Mel" was at last defeated in the 800 meter run by another Philadelphia athlete, Ted Meredith of the University of Pennsylvania, but Sheppard ran successfully in the American relay team which won the world championship. In 1913 Sheppard quit running as an amateur and turned professional in order to coach the Melrose Athletic Association of New York City.

Army service called Sheppard in 1917, when he became Divisional Athletic Director under the War Department Commission Training Camp Activities. With the 38th Division stationed at Camp Shelby Mississippi he served for 12 months and was then transferred to Camp Green North Carolina.

Since the war Sheppard has been a member of the staff of Community Service, as a special organizer in athletics and community recreation. His success in Chester, Pa., Fayetteville, N. C., Grand Rapids, Mich., Clinton Mass., and other cities, proves that "Mel" is a champion, not only in doing but in showing others how to join in the fun of building better bodies through jolly games and whole some exercise.

BASEBALL GAME SATURDAY

The Phillipsburg Baseball Club will meet the local American Legion team at the Clearfield Driving Park on Saturday afternoon, May 13th at 3 o'clock. The local team lost to Phillipsburg at Scott field last Saturday, and hope to be able to turn the tables on the Centre County tossers next Saturday.

WILL PROBE WAR GRAFT CONTRACTS

Washington, May 9.—In a detailed statement concerning the prosecution of war fraud cases, prepared at the request of the President and transmitted to the House, Attorney General Daugherty declared that examination so far completed disclosed "sufficient indication that a crime had been committed to warrant submitting them to a grand jury."

Presented on the eve of a Republican caucus called to consider a legislative program, including a Republican resolution for investigation of charges of alleged laxity in prosecution by the department of justice the attorney general's letter provoked a partisan growl on the part of the Democrats.

Charging that "little or nothing" had been done by the former administration to bring war robberies to light, Mr. Daugherty wrote the President the country would soon have reason to know "influential personalities in the government who had knowledge of the transactions and who were in a position to make disclosures were interested in concealing them." The department, he said, were handling cases, the total of which would reach \$100,000,000.

YOUNG LOCHINVAR COMES OUT OF WEST

New York, N. Y., May 10.—Lieutenant Edward George Zichey, member of the noted family of Hungary, was today proclaimed as the world's champion wooer. Zichey eloped and married Charlotte Gardner Denarest wealthy New York Society girl just a few hours before she was to have been married to a prominent New Yorker.

SUICIDE CHOOSES HORRIBLE DEATH

Gallipolis, Ohio, May 10.—After saturating her clothing with coal oil late last night Miss Bessie Lepore, of Three Mile, West Virginia, near here applied a match and within a few seconds became a living torch, burning to death. Her brother was awakened by the light and in an attempt to extinguish the flames was severely burned.

Miss Dorothy Wolfe of Curwensville attended the "Greenwich Village Follies" at Driggs Theatre last evening.

POPPY SALE MAY 30TH

The Auxiliary to the American Legion will hold a poppy sale on Memorial Day, the proceeds from which will be devoted to the Fund for Disabled ex-Service men.

MORE ROAD DAMAGE SUITS FROM BRADY

Suit was entered in Prothonotary Ralston's office yesterday by Pentz & Pentz, representing Ethel Wright et al, against Clearfield county in an effort to recover \$1500, which is alleged to be due them for damage done to their farm by change of location and grade of the State road thru Brady township.

This makes about the fifth suit by Sandy township residents for alleged damages to their properties by reason of the building of this road. If all the property owners located along Clearfield county improved roads took the same position these Brady township people are taking, getting Clearfield county out of the mud would be a serious and expensive proposition.

SURGICAL PATIENT AT HOSPITAL

Ex-Sheriff James Mahaffey is a surgical patient at the Clearfield Hospital, and will undergo a serious operation today or tomorrow.

MINERS MARCH ON M'GEE'S MILLS MINES

Headed by a band of about 20 pieces more than 200 union miners marched from GlenCampbell to mines in the vicinity of McGees Mills on Monday in an effort to induce miners working in that vicinity to join the union.

The marchers visited the mine of the Pantall Coal Company where about a half dozen men are employed. They found the miners there unwilling to join the union and after a speech had been made and futile efforts to sign up the miners as members of the union the marchers continued to the Mount Aerie mine about half a mile from the Pantall mine, which is owned by Syracuse, N. Y. residents. The Mount Aerie mine had previously been organized, but about 10 men had resumed work there during the past week and it was the union miners' intention to induce these men to quit work. According to reports they were largely successful, about seven of the 10 men working signing up as members of the union.

The marchers later proceeded to a third mine near McGees but when they arrived there found that the men had quit for the day. When they departed they announced their intention of returning today.

The majority of the marchers, it is said, were from Arcadia and Glen Campbell. The march overlaid from Glen Campbell was made on the public road, a distance of about five miles.

DOVE OF PEACE HAS HARD TIME IN ERIN

Dublin, Ireland, May 10.—The Daily Eirean's peace committee today failed to find a basis for agreement between Free State and Irish Rebel leaders. A peace agreement proposed by General McCowan, Free State commander, was placed before the committee but it was found unsatisfactory.

Have Cave Man Soon Is Official Word

Haverstraw, N. Y., May 10.—The arrest of the cave man blue beard, suspected of the murder of pretty Lillian White on his premises on the mountain top near here is expected before tonight by the officials of Rockland County. The man is under surveillance in a small New Jersey town where he has been in hiding.

FOURTH WARD FOLKS TURN OUT IN FORCE; MAKE PLAYGROUNDS

Italian Band Furnishes Music While Army Of Volunteers Put Murray's Woods In Shape.

BIG CROWD HELPED

Surely the Fourth Ward will be on the map with a playground that will count very much for every citizen. Tuesday was a day of pleasant surprises. A good force began to work early in the day. It kept on increasing until evening when about one hundred were working with a will. The grounds were put in excellent shape for their first use tomorrow afternoon, Thursday, when the school children will have about an hour of supervised games beginning at 3:30. This period is intended to show how the playground will be conducted during the summer, and every parent and interested citizen is invited to attend.

The Wrigley addition corner of the Murray Woodshas been subjected to a transformation. The old hedge and the old wire fence, both dilapidated, have gone. Trash is ready to be hauled away. Stumps have been blasted and torn out by hand. Holes have been filled. The plot has been raked over. Bonfires have been very busy. The draining of the wet part has been begun. A spring is being looked after. All kinds of plans are being considered for the use and beautification of the site. Enthusiasm are manifesting themselves. Altogether the Fourth Ward is happy over the prospects. The boys and girls for whom it is especially intended are very enthusiastic and that counts for much.

The very best kind of fun has been enjoyed already around the bonfires and in games. It was an example of get-together spirit and that spirit is the one great thing that must not be forgotten if the work is to continue successfully.

To mention everybody who helped make this neighborhood occasion a success is impossible. All who helped were fully repaid by the result accomplished. Special appreciation is felt toward the industries of the ward, the Harbison-Walker Refractories Co. who furnished a number of men to work during the day and put a truck at the disposal of the workers, the Clearfield Sewer Pipe Co., who furnished tile for the draining and sent some men to help lay it and to the Banta Refrigerator Co., who sent workmen. The Italian band furnished music during the evening that was received with much commendation and added to the jollification of the evening which was as much in evidence as the hard work. Refreshments were served to the workers after being prepared by the ladies in the home of Mr. William Davis. Mr. Davis is the chairman of the organization responsible for the arrangement and had not overlooked any of the details. It was a great start for the recreation movement in the East End.

POPULAR YOUNG PEOPLE WED

Wilson R. Smeal and Elizabeth N. Heck, both of Clearfield, were married this morning at 10:45 at the U. B. church by Rev. Alban. They left for an extended tour through Niagara and parts of Canada.

OLD TIMER IN TOWN

J. W. McGee, of McGees Mills, better known as "Big Foot" McGee and about the last old-time lumberman and "log floater" in the upriver section is a juror at Civil Court this week. He has a fund of interesting reminiscences of the early days of the rafting industry.

Pete Smith of Indiana transacted business in town yesterday.

SERGEANT HAYES WILSON'S FUNERAL ON SUNDAY NEXT

Body Of Last War Hero To Be Brought Back To Clearfield To Rest In Hillcrest Cemetery.

LEGION IN CHARGE

The funeral of the late Sergeant Hayes Wilson whose body arrived home from France Saturday last, will be held Sunday afternoon from the home of the deceased's mother, Mrs. C. G. Wilson, on Sixth street. The remains were taken to the Eleventh St. Methodist church on Monday where they were allowed to lie in state until today at noon when they were removed to the home of his mother.

The funeral will occur Sunday afternoon at 2 o'clock and will be in charge of John Shade, Post of the American Legion and the members of the Boal Machine Gun Troop, with which organization Sergeant Wilson entered the service.

Fatal Auto Accident At Punxsy; Second Child Seriously Hurt At DuBois

Punxsutawney, May 10, 1922.—Little John Wehrle, who was struck by an automobile driven by Fred Stear, of Marion Centre, Sunday afternoon, in front of the Wehrle home on Indiana street, died at 6:00 in the Punxsutawney hospital Monday evening. An operation was performed upon the child's head which revealed a fracture of the skull extending entirely around the head. The physicians state that without the operation the little one did not stand a chance of recovery and with it the chances were about one in 500.

DuBois, Pa., May 10, 1922.—Little Doris Irwin, three year old daughter of Mr. and Mrs. Blair Irwin, of Park avenue, was struck yesterday afternoon by a truck while attempting to cross the street. Mrs. Irwin had watched her cross to the opposite side and was waiting for her to come back to her. Doris had ran after a rubber ball and had waited until one car and a wagon passed, and then started to run back to her mother, running in front of the A. & R. truck. The accident was unavoidable but fortunately the truck did not pass over the child. She is suffering severely from the shock and her head and right shoulder and body are very badly bruised, but the full extent of her injuries cannot be determined for at least twenty-four hours. She was very feverish and restless late last night, and complained of her limbs hurting.

Texas Beauty Is Done With War Hero

Washington, D. C., May 10.—The romance of Alex E. Robertson war hero and Miss Mary Culbertson, daughter of Senator Culbertson, of Texas, has been ended. Miss Culbertson's affections for Robertson is said to have been cooled greatly by the publicity he gave to his charges that he had been kidnapped in an effort to "shanghai" him. Complete denial of any such attempt on the part of Senator Culbertson is expected from Senator Culbertson soon.

N. GOLDSTEIN DROPS OUT OF THE PICTURE

Washington, D. C., May 10. Nat Goldstein, St. Louis, has requested President Harding to withdraw from the Senate his name as Collector of Internal Revenue at St. Louis, Senator Spencer, of Missouri, announced in the Senate today.

CURWENSVILLE

The meeting of the Alumni Association which was held last evening was a decided success in point of interest and numbers. Plans were set on foot, looking toward the Alumni Banquet. An adjourned meeting will be held next Monday evening to complete arrangements. It is earnestly desired that as many as possible come out to that meeting.

Miss Veryl McNaul left yesterday for Philadelphia to resume her duties as dietitian in the hospital.

We wish to apprise our Community that the Curwensville Realty Company has broken ground for two houses on George street and work on them will be hurried to completion. This is wonderfully good news, as housing conditions in Curwensville have been deplorable and any measure taken to relieve the situation is a commendable one, but the Realty Company seems to have the house jinx by the throat and are pursuing the proper and businesslike course by building houses not for investment but for homes.

American Corn, Seed and Medical Supplies Saving Millions of Lives and Bringing Hope to Russians

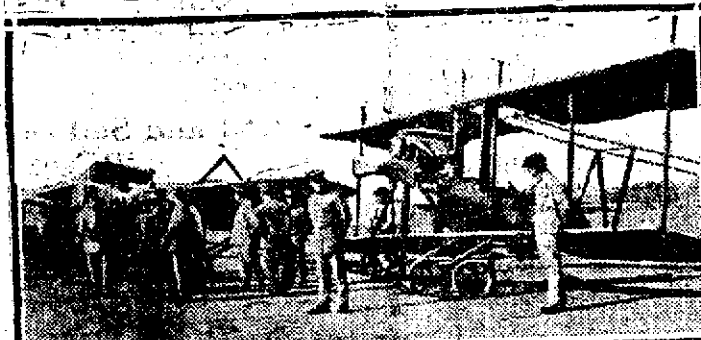

With seed for planting, grain to meet present food needs and medical and hospital supplies pouring into Russia, the march of death, famine and disease has been checked through the work of the American Relief Administration and allied agencies. More than 2,000,000 youngsters owe their lives to American food and 5,000,000 adults are receiving relief as a result of the \$20,000,000 appropriation made by Congress for corn and seed grain. Millions more find relief through the gift by Congress of \$4,000,000 in surplus government medical and hospital supplies and by the American Red Cross of \$3,000,000 in similar supplies to the American Relief Administration.

The picture above shows the loading of seed corn from the Middle West onto ships at Weehawken, N. J., under the direction of Don Livingston of the U. S. Farm Bureau and State Agricultural Commissioner of South Dakota. Mr. Livingston is the central figure in the picture.

Col. William Haskell, director for Russia of the American Relief Administration, in a report to Herbert Hoover, chairman of the A. R. A., says that American supplies and determination are bringing life and hope to literally millions of Russian people.

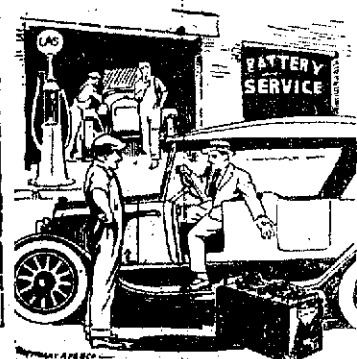

The physical limits of rail transportation under present conditions constitute the gravest problem of the task. Russian railways were never of the first order, and at present their condition is extremely bad. There has been food on hand at the ports over and above the ability of the Soviets to move it in, from the arrival of the first ship to date.

ODDS AND ENDS AND THINGS

By J. D. C.

Dr. Copeland, the eminent physician at the head of New York City's Department of Health, says we all ought to live to be one hundred years old, and says we can all round out a century by observing the following simple rules of health:

1. Spend ten minutes in setting up exercises.
2. Sleep with windows open.
3. Secure what sunshine you can.
4. Spend a minimum of ten hours during the week in the open air. Balance work and play.
5. Walk at least three miles each day.
6. Eat meat not more than once a day.
7. Balance the meal with fruits, green salads and other vegetables.
8. Drink at least eight glasses of pure water daily.
9. Completely relax for at least fifteen minutes each day and conserve your nerve energy.
10. Cultivate happy thoughts. Think in terms of health.

Arrange all plans for the week on a basis such that each day's activities will be consistent with the requirements of keeping fit.

A whole lot of our medical friends seem bound and determined to be as "wet as the Atlantic Ocean," and rush to the defense of old defunct J. Barleycorn upon every possible occasion. Recently Dr. John W. Deaver, of Philadelphia, got "in bad" by declaring himself a friend of Old John's. Now listen to this Harvard "Perfessor."

Doctor M. J. Rosenau, professor of preventive medicine and hygiene at Harvard University threw a wet bombshell into last week's Congress of American Physicians and Surgeons at Washington. Discussing "botulism," the malady of food contamination that sometimes reaches the dimensions of fatal epidemics, Dr. Rosenau declared scientific experiments had shown it could be successfully combated by consumption of alcoholic stimulants.

Botulism was the subject of widespread alarm and discussion in 1921, owing to an outbreak of disease that followed the eating of ripe olives and improperly sterilized canned goods. Dr. Rosenau said it was proved that persons who drink with their meals are far less susceptible to botulism or other food poisoning than teetotalers.

Experiments with guinea-pigs showed that about thirty drops of 40 per cent. alcohol resulted in absolute protection of guinea-pigs infected

with the botulism germ. Later experiments with human beings gave similar results.

There could be no objection to alcohol if the guinea-pigs consumed it all.

Variability of Etching.
The needle is the crayon, the acid adds color. The needle is something all the more eloquent because its means of expression are confined within more restricted limits. It is familiar and lively in the sketch, which by a very little must say a great deal; it all sketch is the spontaneous letter. It reaches the highest expressions when it is called in to translate a grand spectacle, or one of those fugitive effects of light which nature seems to produce but sparingly, so as to leave to art the work of fixing them. —Maxime Lalanne, in "A Treatise on Etching."

Paint Met. Worn in 800.
Originally the tiara, or triple crown of the pope was a plain high cap, much like those in which doges of Venice are so often represented in old pictures. It was first introduced by Pope Nicholas I. in 860. Just when the first coronet was added is a matter of uncertainty, but the second was placed by Pope Boniface VIII in 1295 and the third by Pope Urban V. about 1368.

Farewell, Tris

Dying, Mrs. John J. Deaver, Seattle, asked that Tris, the dog of herself and husband, should be buried with her. Her wish was granted. Tris, good-bye to the anxious approach.

PRESIDENT WILL NOT SEE KIDDOS

Washington, D. C., May 10.—For the fifth time President Harding declined today to see the children crusaders when they called at the White House to ask amnesty for the 112 political prisoners. White House officials met them and informed them of the President's refusal to see them.

Washington, D. C., May 10.—Candidates for the United States Senate may spend unlimited sums of money in their campaigns for nomination or in their campaigns at the general elections without filing a statement of their expenditures with

the Senate, according to an opinion handed down by Attorney General Daugherty, which was made public today. The Attorney General said that the decision in the Newberry case had invalidated this feature of the corrupt practices act.

WOMEN OF MIDDLE AGE

A Trying Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Phila., Pa.—"When I was going through the Change of Life I was weak, nervous, dizzy and had headaches. I was troubled in this way for two years and was hardly able to do my work. My friends advised me to take Lydia E. Pinkham's Vegetable Compound, and I am very sorry that I did not take it sooner. But I have got good results from it and am now able to do my housework most of the time. I recommend your medicine to those who have similar troubles. I do not like publicity, but if it will help other women I will be glad for you to use my letter." —Mrs. FANNIE ROSENSTEIN, 882 N. Holly St., Phila., Pa.

Detroit, Michigan—"During the Change of Life I had a lot of stomach trouble and was bothered a great deal with hot flashes. Sometimes I was not able to do any work at all. I read about Lydia E. Pinkham's Vegetable Compound in your little book and took it with very good results. I keep house and am able now to do all my own work. I recommend your medicine and am willing for you to publish my testimonial." —Mrs. J. S. LIVENOR, 2051 Junction Avenue, Detroit, Mich.

Lydia E. Pinkham's Private Text-Book upon "Afflictions Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

The critical time of a woman's life usually comes between the years of 45 and 50, and is often beset with annoying symptoms such as nervousness, irritability, melancholia. Heat flashes or waves of heat appear to pass over the body, cause the face to be very red and often bring on headache, dizziness and a sense of suffocation.

Another annoying symptom which comes at this time is an inability to recall names, dates or other small facts. This is liable to make a woman lose confidence in herself. She becomes nervous, avoids meeting strangers and dreads to go out alone.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women at this time. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. Let it help carry you through this time of life. It is a splendid medicine for the middle-aged woman. It is prepared from medicinal roots and herbs and contains no harmful drugs or narcotics.

COMMUNITY SERVICE WORTH WHILE

The Progress carried in its Monday evening issue, the Community Service program agreed upon by the local Directors of Community Service for Clearfield for the coming year. This program was mapped out and agreed upon after much thought following the six weeks intensive campaign put on here by the National Community Service workers engaged therein. The work done by this capable organization deeply impressed all the progressive men and women interested in the welfare of Clearfield's younger generation and townspeople generally and the work of adopting a program, agreeing upon a budget necessary to finance same for a year and the means to secure the necessary money for such financing was enthusiastically done, realizing as the directors did that the money spent in Community Service was simply that much invested in the welfare especially of the boys and girls of the community.

A campaign for the necessary funds will be inaugurated the week of May 22nd, and every public spirited citizen should be glad to co-operate by contributing to this good work.

American public opinion will assuredly be behind the shipping board in the rate war in which, through no fault or desire of its own, it is now engaged in the South American passenger trade. There are four splendid ships carrying the American flag on this route, and everything was going on serenely until suddenly, like a bolt from the blue, without warning or consultation, the competing British line, announced a heavy cut in passenger rates. Taken aback at first by this unfriendly act, the shipping board was nevertheless not long in arriving at a decision in the emergency thus precipitated, and it has now directed a rate lower by from \$10.00 to \$50.00 than its rival's lowest cut.

The shipping board in a statement makes it clear that cut-throat competition is not of its seeking, but it takes the view that the present may be a test fight on all the oceans as to whether the United States is to continue the maintenance and expansion of its merchant marine, and it declares its determination to meet the issue at every point for any length of time. "Our hat is in the ring," says Chairman Lasker, "and we are going to stick as long as necessary to insure the position of American-flag ships between North and South America."

This is the proper spirit, and the American people will back it up until it wins out.

The Great Cathedrals.

They are more than buildings. The work of a man, a nation can understand; but these are the work of ages, of nations. Nothing is marked, nothing is clever, nothing is individual nor thrust forward as artistic; they are serene, masterly, non-personal, like works of nature—indeed, they are such, natural manifestations of the minds of men working under the impulse of a noble idea.—W. B. Leithy.

Mother Got the Letter.

One time when I was going to grammar school I was in love with a boy—who was much older than I. One time he wrote me a letter in school saying he loved me. Of course I cherished that letter; so I put it in my pocket. Next day was wash day. My mother found the letter and told me. Well, you know the rest.—Chicago Journal.

ALTER SURE TO BE NOMINATED

Grundy-Pinchot Alliance Repul-
sive to Republicans.

LABOR OPPOSES EX-FORESTER

Working Men and Women Will Not
Tolerate Grundism Getting Control
of the Dominant Party in State.
Alter's Record Good Enough For
Every Republican.

Philadelphia, May 9.—Attorney
General George E. Alter will win
the Republican nomination for Governor
of Pennsylvania at next Tuesday's
election by one of the largest
votes ever given to a gubernatorial
candidate in a primary contest.

Reports received at the George E.
Alter Campaign Committee, Bellevue-
Stratford Hotel, Philadelphia, indicate
a clean sweep for Mr. Alter.

Mr. Alter's great vote will be the
result of the united efforts of the regular
Republican voters of Pennsylvania,
aided by many independents.

The present situation was brought
about in a great degree by the active
support given to Mr. Alter's candidacy
by all elements of the Republican
party who believe that his selection as
the Republican standard bearer will
result in one of the greatest victories
for G. O. P. in the fall election in the
history of Pennsylvania.

To the women of Pennsylvania is a
great deal of the success of the Alter
campaign attributed by the Alter leaders.

During the last week Mr. Alter has
addressed meetings throughout the state
and met many of the most potential
figures in the Republican party of
Pennsylvania.

His frank manner and his known
zeal for public service, combined with
a thorough knowledge of state affairs,
has won for him the active support of
men and women interested in the
development of Pennsylvania and the
adoption by the state government of
the efficiency policies which have
characterized Mr. Alter's public career.

Safe and Sound.

Mr. Alter went before the people as
a known quantity. His long career
in public service was a guarantee and
discrete argument why he should be
nominated.

Mr. Alter's nomination is assured
and the victory of the votes to be cast
on his support is not even a question.
The people have seen Mr. Alter's
record and they know his character. They
are not going to be deceived by any
candidate who, because of his ambitious
desires to get into the governorship of
Pennsylvania.

The people looked to Mr. Alter's
support because they had confidence
in him. This confidence was not
arbitrary and his service was given
up to a great degree upon Mr. Alter's
record as a member of the Pennsylvania
Legislature, Speaker of the State
House of Representatives and his
ability as Attorney General of Pennsylvania.

As a legislator Mr. Alter by his
votes on matters brought before him
in the legislature gave the people a
correct index into his character, as well
as an idea as to the kind of man
whom they may expect from him
when he assumes the governorship of
Pennsylvania.

Wonderful Record.

A scrutiny of Mr. Alter's legislative
record will reveal that while a member
of the legislature he supported
all legislation designed for the better
ment of the state and the protection
of its citizens.

He devoted himself assiduously to
his legislative duties and sponsored
many important bills.

Among the bills for which he voted,
as a member of the legislature were
the acts creating the State Police
and the full crew bill. Determined
to protect the health of the community
against the activities of unscrupulous
merchants who would profit by the
sale of unfit foods Mr. Alter supported
pure food legislation.

He gave his whole hearted support
to acts designed to protect the public
against short weighing. Bills designed
to aid in the conservation of the
state's natural resources, aiding the
farmer in the stamping out of the hoof
and mouth disease, protecting the
rights of married women, aiding labor
by the establishment of free employment
offices.

Interested in protecting the public
against stock watering, Mr. Alter
sponsored a bill prohibiting the sale of
worthless mining securities. He supported
the bill to reorganize the state
forestry department and opposed
any bill to increase the number of state
police.

It is upon this record that Mr.
Alter went before the voters of Pennsylvania
and it is upon these achievements
and actual performances, and not
mere promises, that he will obtain
their votes next Tuesday.

Grundy-Pinchot, his opponent, on
the other hand, lost the support of the
independent and regular voters when
they scrutinized his record and noted
his entangling alliances.

Pinchot, the self-styled reformer
and advocate of remedial and social
legislation of 1912 and 1914, is today
the political ally of Joseph R. Grundy,
President of the Pennsylvania Manufacturers' Association.

Boldness of a Lobbyist.

Grundy and Pinchot, this alliance
of a self-styled defender of the
rights of women and children and the
most vicious and arrogant opponent
of all legislation which tended to improve
the condition of the working
people of the state has done more to
convince the people of Pennsylvania
of the insincerity of Pinchot than any
thing else he may have done in the
campaign. The people know Pinchot's
professions. They know what he
has done and they have been amazed
at the spectacle of a millionaire
grabbing a \$5000 increase in salary.

They have been astounded by the
boldness of Lobbyist Grundy in pushing
the candidacy of Pinchot and they
know by past experience that the
Bucks County manufacturer would
only support for office some one whom
he could completely control.

They know that Pinchot as governor
or mayor Grundy as the invisible dictator
of Pennsylvania and because of
their knowledge of him they wanted
none of him. This accounts for the
record breaking vote to be cast next
Tuesday and which will result in an
Alter landslide.

When Hungry Little Muscles Say, "Please Help Me"

DID you ever stop to think who it really is
that's talking, when childish voices raise a
clamor, "Mother, I'm hungry?"

It's really muscles and bones and nerves and
cells worn in the stress and strain of play—that
are calling for rebuilding material.

What kind of an answer? The
right thing, or just anything?
It makes a big difference.

Grape-Nuts, so deliciously
crisp and appetizing to taste, and
so quick and convenient to serve,
is a splendid food for rebuilding
young bodies. All the wonderful
nutriment put in wheat
and barley by Nature, including
the vital mineral elements,
is there—and Grape-Nuts

digests easily, quickly and completely.
Served with cream or
milk, Grape-Nuts is exceptionally
nourishing.

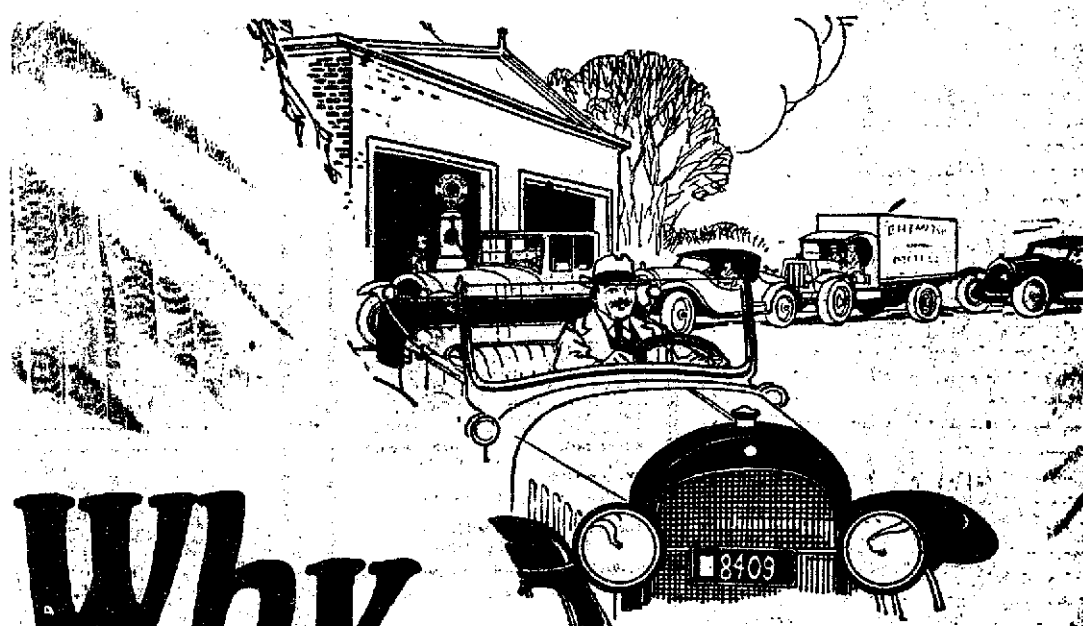

"That's splendid!" says appetite.
"That's just the need!"
say the hungry muscles, nerves
and bones.

Ready to serve right from the
package—always crisp and
fresh. A favorite dish with all
the family. Sold by grocers.

Why do most motorists use ATLANTIC?

It is no great achievement to sell a man a gasoline
once—for then the urge to buy is aided by the willingness
to try.

But to sell him the same brand of gasoline over and
over, month after month—that's where uniformly high
quality counts; where the only successful selling influence
is—SATISFACTION.

That's why Atlantic Gasoline stays sold. That's why
the majority of motorists use Atlantic—and stick to it!

Atlantic is good gasoline. But it is more than that.
It is right gasoline. It is made for present-day motors
and to meet the wide range of operating conditions a
gasoline encounters.

Atlantic is a balanced gasoline. Its uniform "chain
of boiling points" combines the volatility required for
quick and sure ignition with the more stable elements
a gasoline must have to put power into the drive.

What's more, Atlantic is dependable. It is uniform.
Buy it anywhere, any time. It never disappoints.

OUR MILK IS THE SAFEST MILK KNOWN

There's only one way to make milk absolutely safe and that is to pasteurize. This process destroys germs in a more satisfactory manner than any other way known to science.

Health officers have known for many years that pasteurized milk is absolutely safe and they have recommended, unqualifiedly that all milk coming into their territories should undergo this process, as a factor of public safety. These facts have been made clear by experiments on humans and animals—that pasteurized milk is the only really safe milk that can be used with perfect safety.

PROMINENT SPEAKERS FOR PENN STATE SUMMER SCHOOL

More than a dozen of the country's most prominent lecturers and educators have been secured to address the summer session students at the Pennsylvania State College during the eight week's term that opens on June 26. Dr. Will Grant Chambers, dean of the summer session, has provided a special feature for practically every day of the term, which will continue until August 19.

Among those who will visit the Centre county institution for talks to the 3000 school teachers expected, is United States Senator Frank B. Willis, of Ohio, who early in August will speak on the disarmament conference international and local problems of the United States. It is possible that United States Commissioner of Education John J. Tigert, will speak the following week. Others include Dr. Thomas E. Finigan, state superintendent of public instruction; Rabbi Nathan of the Jewish Chatauqua; Dr. Hamilton Holt, editor of "The Independent"; Dr. David Snedden, Columbia University; Mrs. Corinne Roosevelt Robinson, of New York; Dr. Frank P. Graves, commissioner of education in New York; Miss Charl O. Williams, president of the National Education Association; Dr. G. Stanley Hall, president-emeritus of Clark University; Dr. Thomas H. Bringer, Columbia University and Dr. J. H. Kelley, editor of the Pennsylvania School Journal.

WANT 1000
The West Side Methodist Sunday School, which broke all records for attendance at Sunday School a couple of Sundays since when more than eight hundred were present to participate in the services, is out to even break that record. They have set the attendance goal at 1000 for this Sunday and will make every effort to attain that remarkable goal.

To this end an intensive campaign will be carried on by the members of that congregation all week. The enthusiastic committee in charge has strung a banner across the street in front of the church and also placarded the town with posters announcing their object. They have the spirit to win, and as anything is possible for those West Side Methodists to accomplish when they get after it, we are sure they're going to reach their goal. Here's hoping they do.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in elevating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alternative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disorders, conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial pkg.

Poverty, But No More Famine in Russia, If Harvest Proves Good

These happy youngsters are the fortunate guests of an American Relief Administration kitchen in Petrograd. The famine in the Volga Basin was so severe in the early spring that its effect was felt sharply in the Russian cities, and a special allowance of 40,000 child rations was made for Petrograd.

Child-feeding stations like the one above, reaching more than 3,000,000 children, and 7,000,000 daily corn rations for adults, made possible through the American Congressional appropriation of \$20,000,000, struck such a blow at the world's greatest famine that American Relief Administration officials believe the famine, in the sense of the great natural disaster caused by drought, will be ended by autumn.

A recent report to Herbert Hoover, under whose direction the task is being accomplished, says:

"There will be hunger and extreme suffering among portions of the population for years to come. However, conditions in the autumn, provided a crop materializes, will have resolved themselves into economic poverty rather than famine. The sole and proper remedy for that poverty is economic reconstruction, and emergency charity cannot solve the basic situation."

SLIGHT FIRE AT SERVICE STATION

An exploding tank at the Independent Oil Company's service station at the end of Market Street bridge, caused the sounding of the fire alarm at 3:30 this afternoon. Hand

extinguishers used by employees of the oil company took care of the blaze before the firemen arrived.

Lewis Wilson and Eddie Stineker, owner of Philipsburg, spent Sunday with friends in town.

Mr. and Mrs. John Kelso spent the week end in Philadelphia.

PITTSBURGH MAN, CROSSED IN LOVE, SHOOTS 2 WOMEN

Pittsburgh, Pa., May 10.—His love sprang, George West today shot and probably fatally wounded Elvira Schuman and then attempted suicide. Mrs. Murell Miller was also shot in the back by the youth. The three were rushed to a hospital where they were reported as being in a critical condition. West had been rejected by Miss Schuman, who lived with Mrs. Miller. Both women were employed at a laundry.

Mr. and Mrs. A. M. Wright Jr. and children of Philadelphia are spending some time with relatives in Clearfield.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

No War Tax

Effective May 8, 1922, the Excise Tax on United States Tires for passenger cars, both casings and tubes is absorbed by the makers and it is not added to the selling price.

UNITED STATES RUBBER COMPANY

First to establish the \$10.90 price—"Usco"

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30x3 1/2 'Usco' is \$10.90"

The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

United States Tires are Good Tires

Copyright 1922 U. S. Tire Co.

field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall.

The same intent to serve that has made "Usco" a standard value for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.

SHE Waited 17 Years—Did HE?

They met as boy and girl—met for a moment on the garden wall. And though Fate separated them, she waited. Hope kept alive through all the dreary years by the sweet recollection of one impassioned embrace.

"THE STOLEN KISS"

is KATHRYNE STUART'S adaptation of LUCILLE VANSLYKE'S delightful novel, "Little Miss By-the-Day," and
